THE VICTORY GARDEN HARVEST SHOW SPECIAL

The Victory Garden too, includes a number of flowering Bulbs or Plants. It is a pleasure to entrust some Bulbs or Plants to the garden soil, to be on the lookout for the first sign of them breaking through in spring and to see them bud and bloom are but preliminaries to the greatest of all to *pick your own*. Therefore be sure to plant enough, and select only top quality at *VAN'S*.

Prices are reasonable considering the problems of securing our Bulbs, but they are worth it.

Plant during October and November and just use a little bone meal for food.
